Just the Beginning . . .

Case High School is an important part of our lives. This is where we begin to discover ourselves and develop our goals for the future. Every day we encounter new experiences and acquire new interests in things we hadn't known about before. We gain knowledge in many new areas, and may even discover a career field which will open up new possibilities. Some of us discover that we have important talents or athletic abilities that had never before been developed. We also find ourselves faced with some new problems and responsibilities that are all a part of becoming adults. Probably the nicest thing about being at Case High School is that we have a chance to make many new friendships among fellow students and teachers as well. Truly, these years at Case are "Just the Beginning" of many good things that lie ahead for us all.

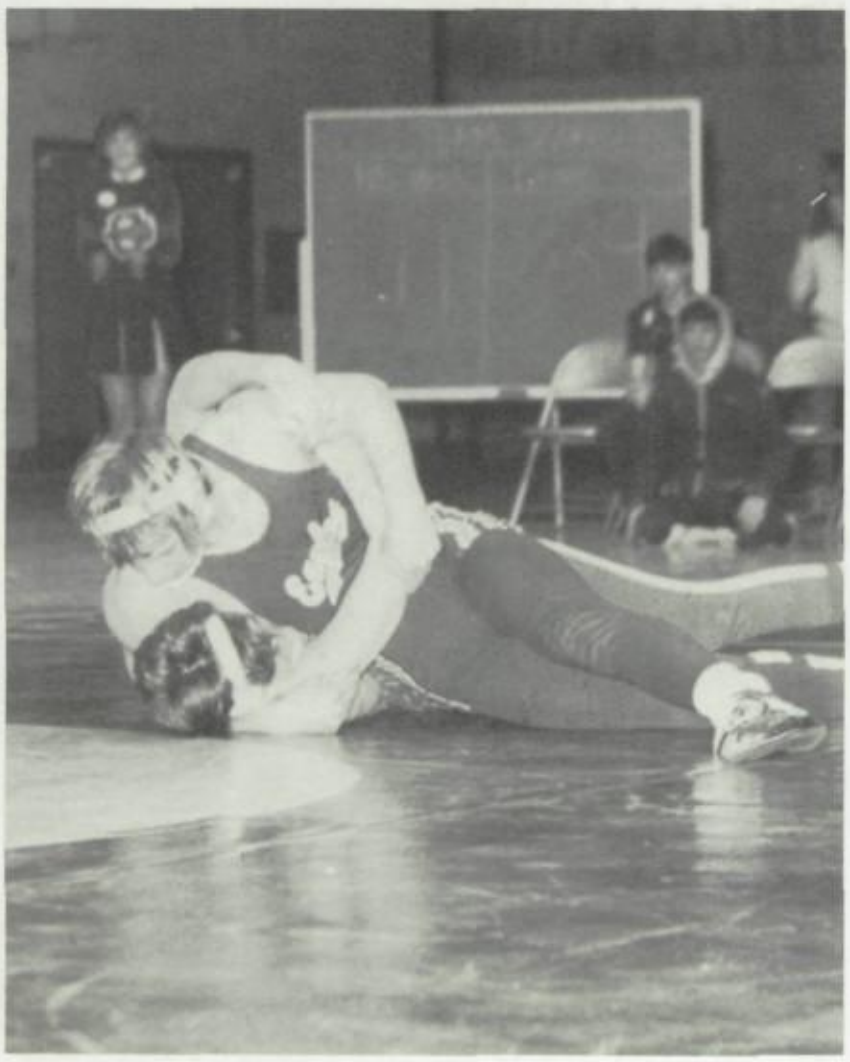
Senior Spotlight



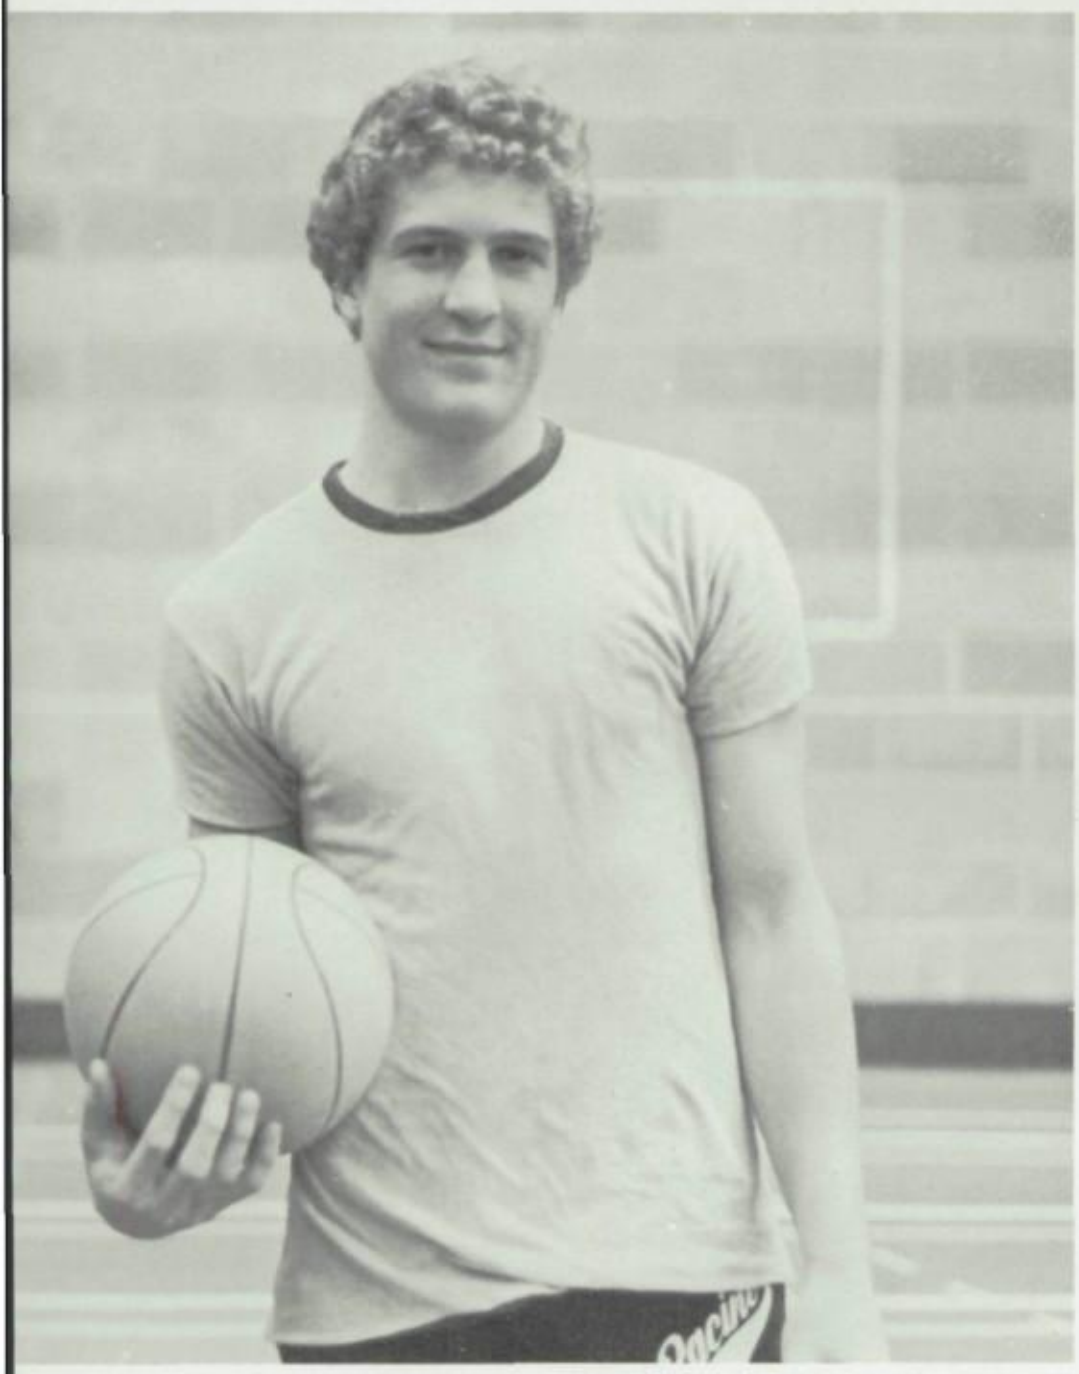
AL NIESEN

During the school year I participate in wrestling and tennis. During the off season I compete in Judo and Karate. I like competitive sports because they give me an outlet for my aggressive feelings and I like to test myself against others.

ADA ELLEMAN

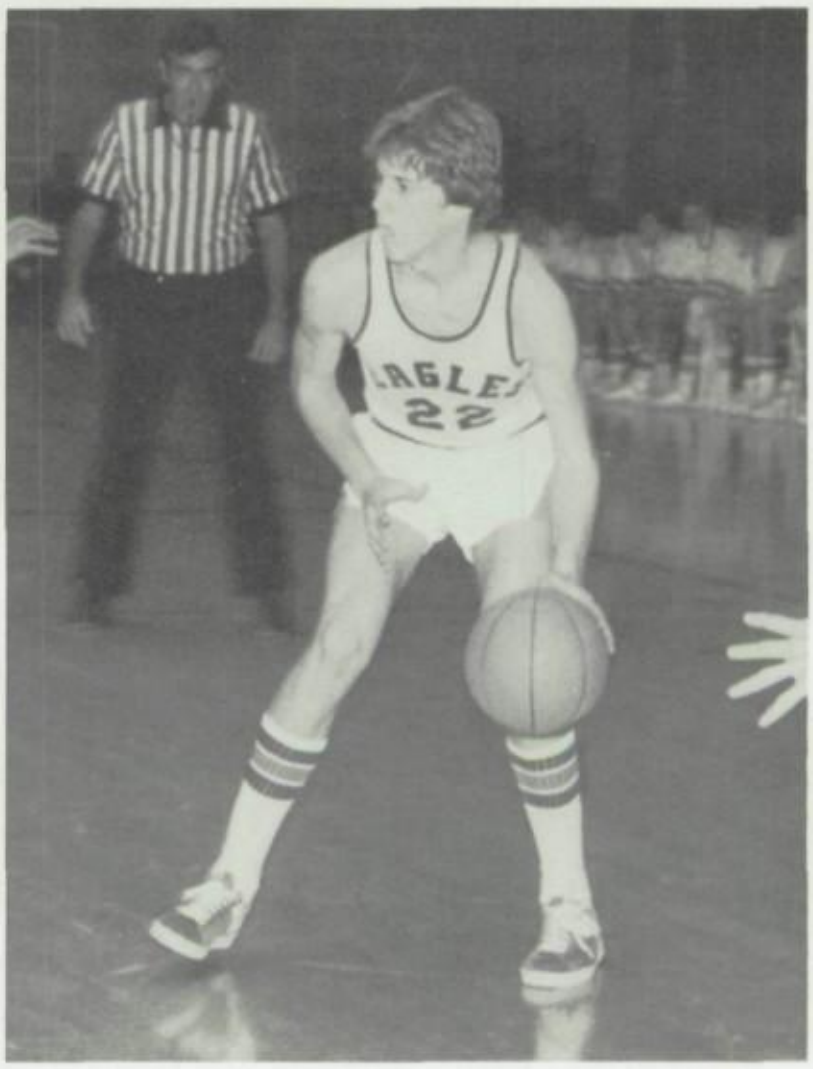
I participate in swimming because I like the feeling of being on a team. It was fun and I got to meet many new people. Participating on a team made me feel like I have accomplished something. I was also able to expand myself socially.

WHY DO YOU PARTICIPATE IN A SPORTS PROGRAM?



JEFF WENZEL

I participate in football, track, and intramural basketball. The main reason I play for these teams is because I like to. Of course, contributing to the team's goals and being dedicated to the team is also very important but I wouldn't play if it wasn't fun. Sports are a great way to end a long day at school, and Case wouldn't be the same without them.



BILL MOLBECK

I participate in football and basketball. When you're in a sport, especially a team sport, you get to work with other people. When you reach a goal you set for yourself, it gives you a great feeling of accomplishment.

Senior Spotlight

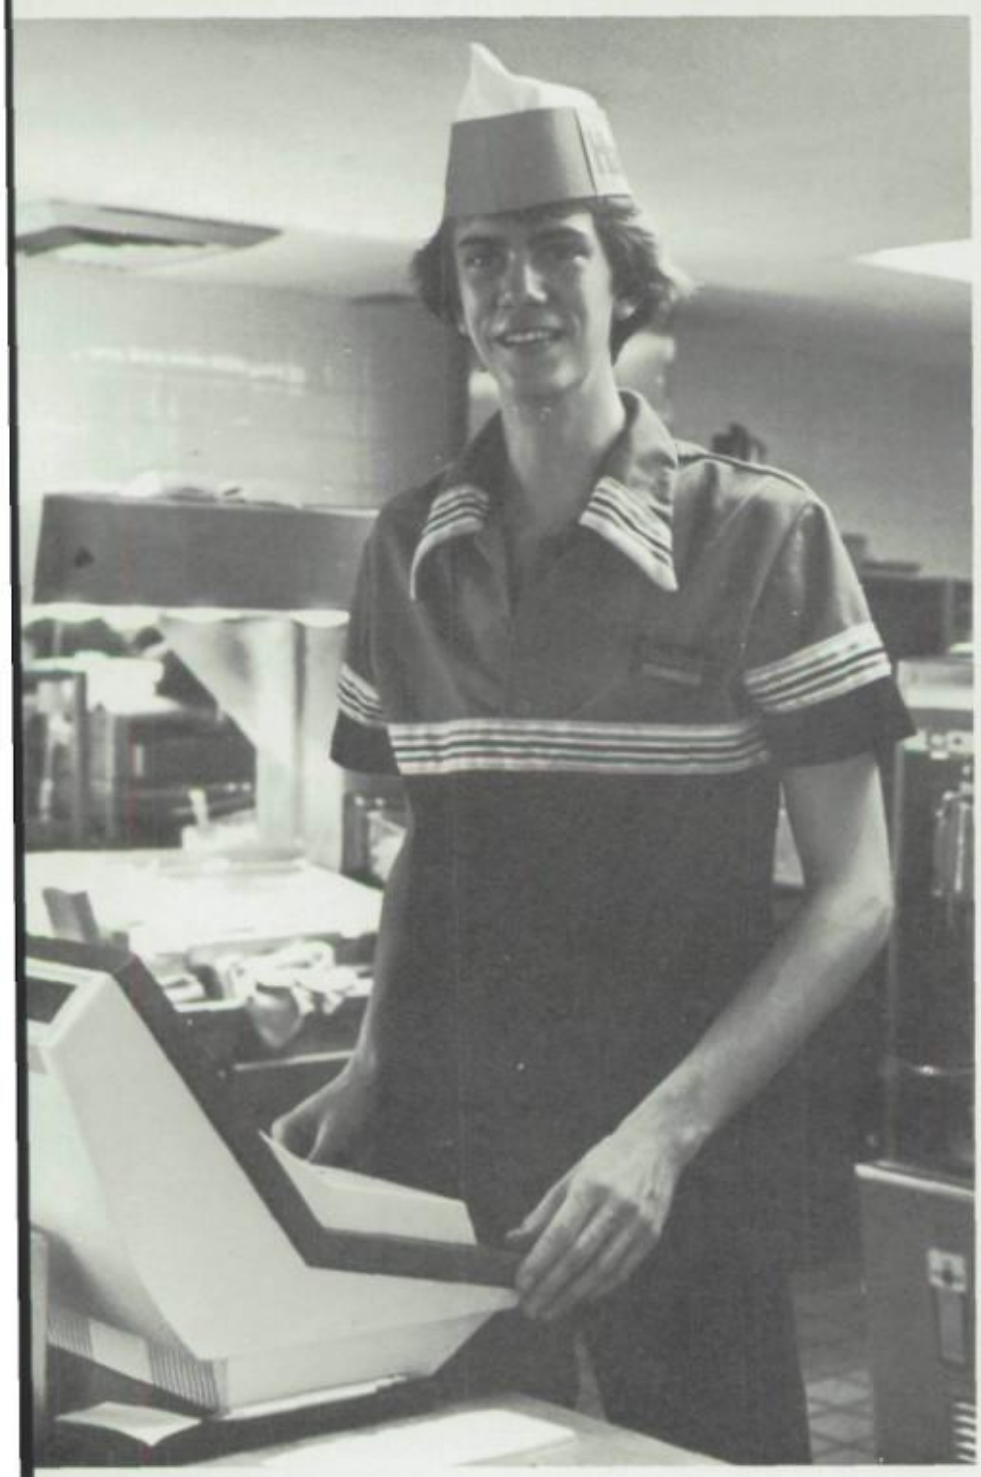
KEN JERSTAD

I work at the Chancery Pub and Restaurant. I've worked here for two years and I like it a lot. I'm in DECA club and I get 3 credits for the job and class. It's also nice because I've met some nice people and learned a lot of responsibility.

SUE JOHNSON

I am a Dietary Aide at the Lincoln Village Convalescent Center. My job gives me good experience with people, especially the elderly. Knowing that I've added a smile to someone's day makes it all worthwhile.

WHY DO YOU ENJOY HAVING A JOB WHILE YOU ARE STILL IN HIGH SCHOOL?



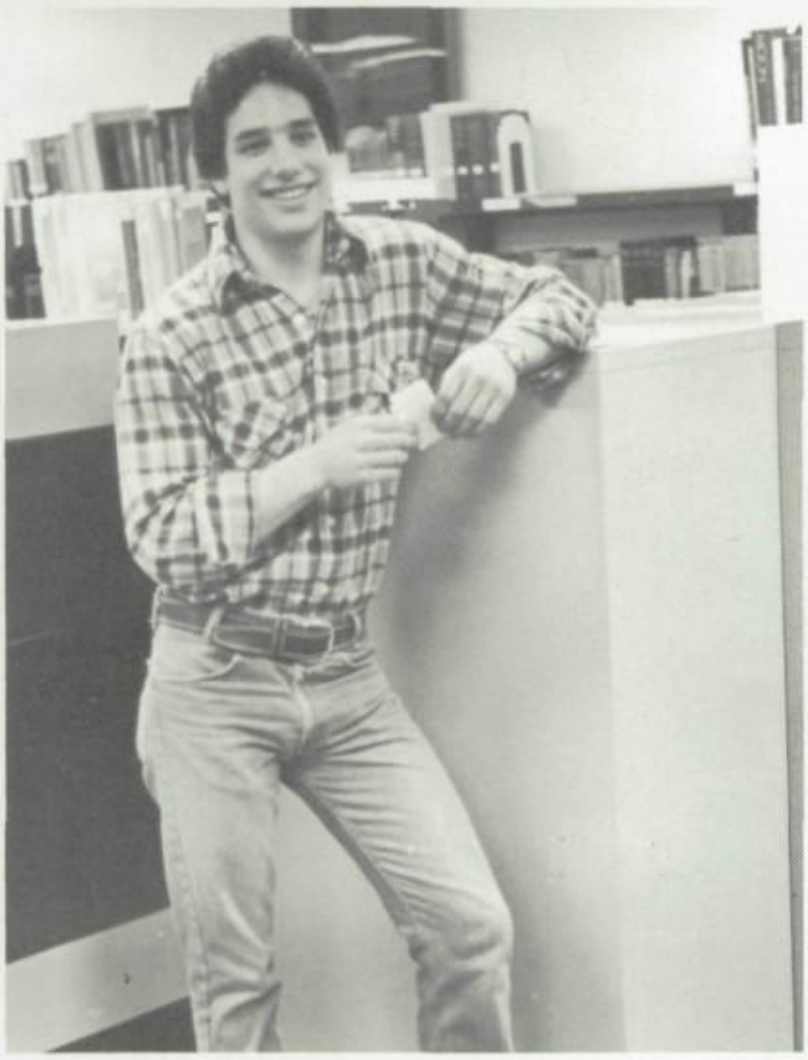
KURT DALZIEL

I work at Hardee's. Right now I really don't enjoy working although I enjoy the financial benefits of working. I'll probably enjoy working in the future when I get into my career and I'm doing what I really want to do.

EUGENE MODESTI

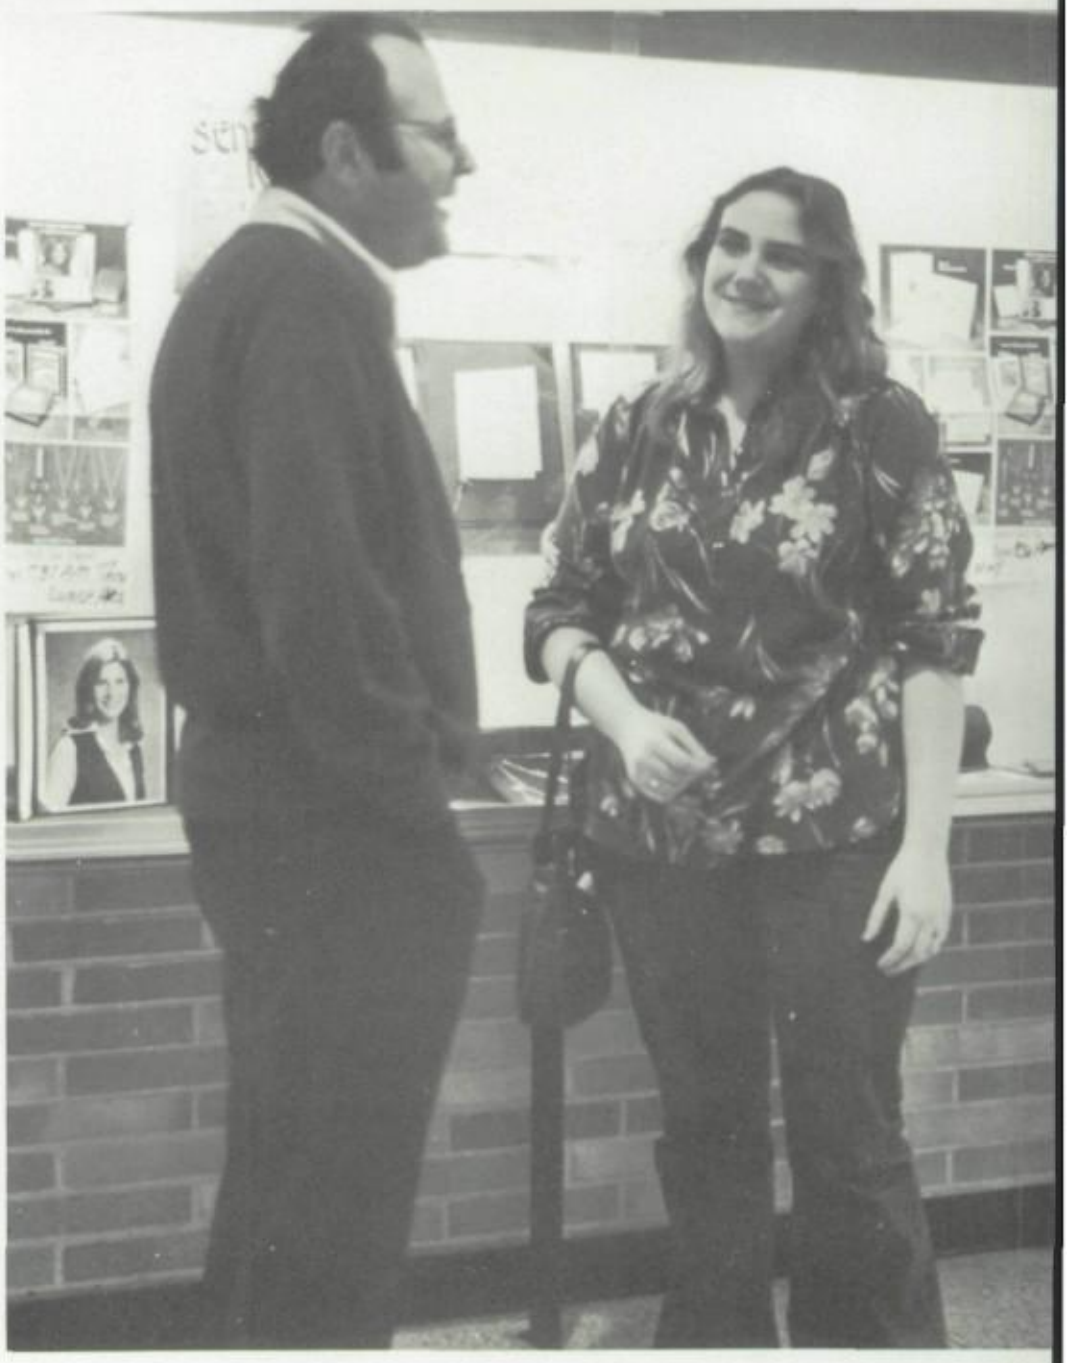
I work at Paradise West Bowling Alley. My main goal in having a job is so I can get some income to live on and have a good time. I like my job because the time goes by so fast and it doesn't drag along like other boring jobs.

Senior Spotlight



KIRT SCHMIDT

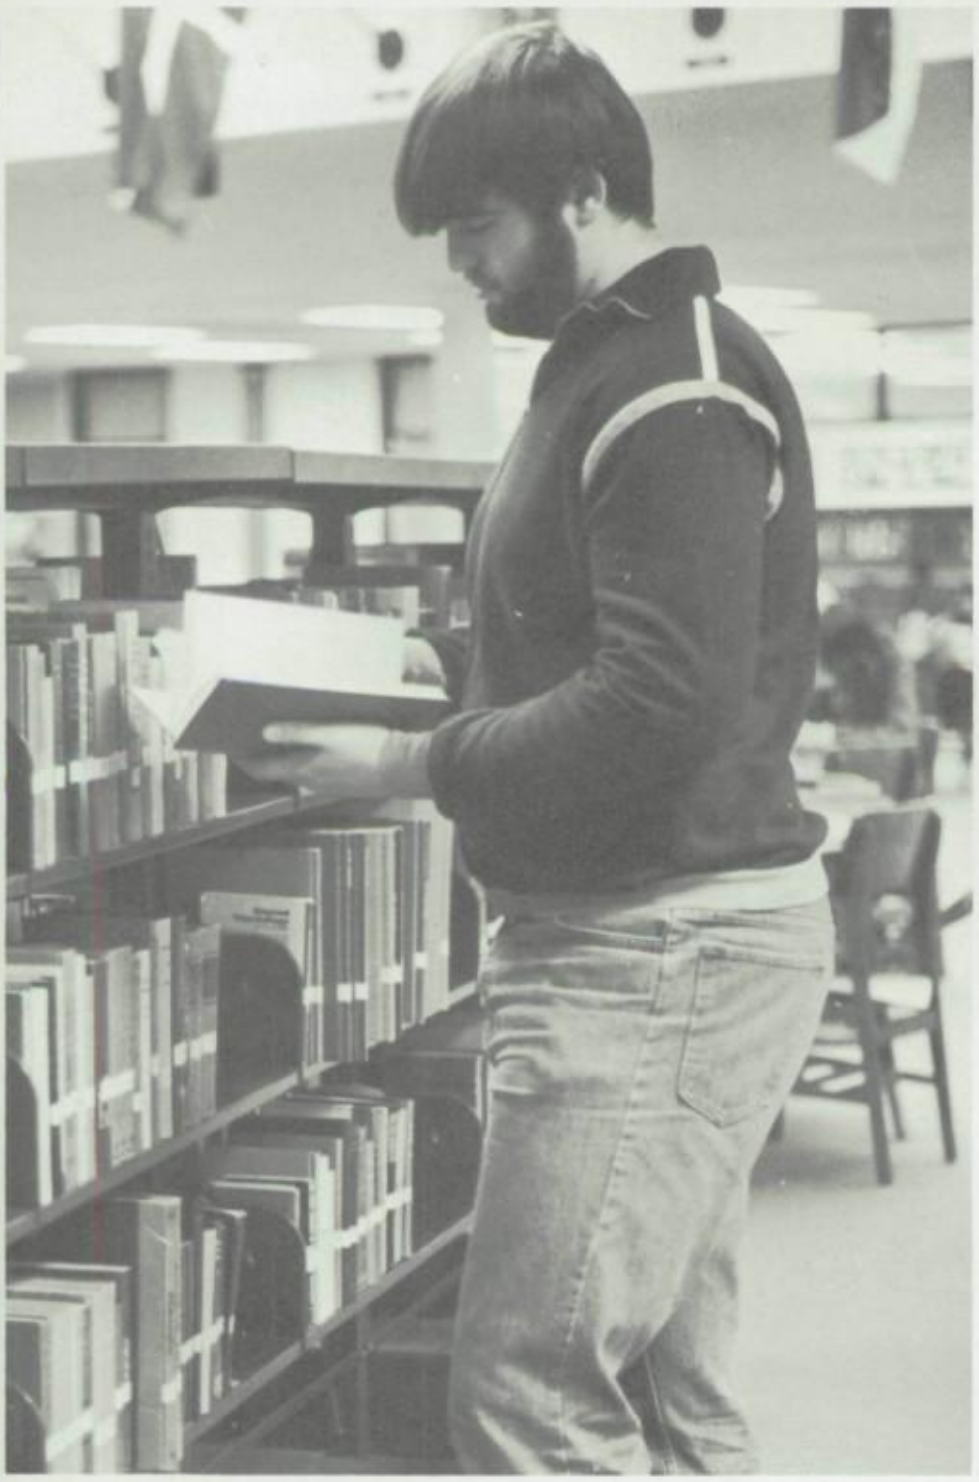
I feel that if I were drafted I would go to fight and stand up for America! We Americans today are getting lazy and fat and need to stand up for what we believe. I feel sorry for America if we keep going on as we are.



RAMONA SHELLEY

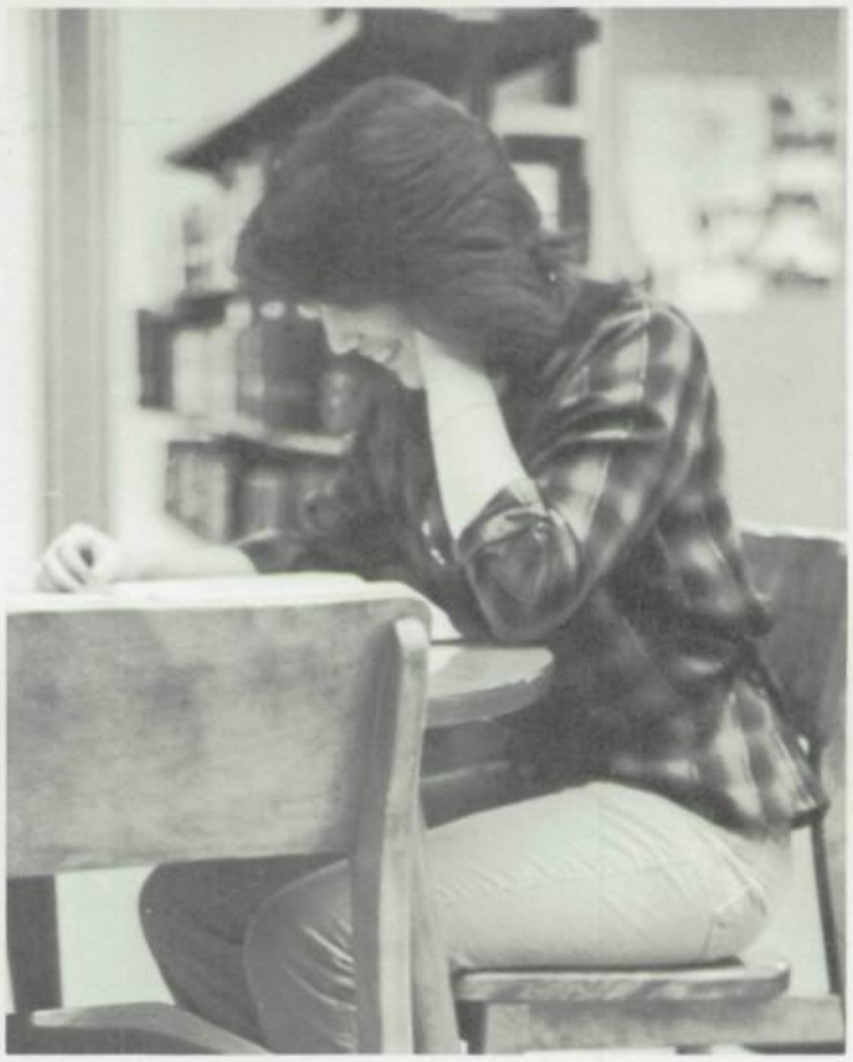
I feel the Draft is good for the guys but not for the girls. The guys should be the ones that have to register. The girls should be able to serve on a volunteer basis so that they can join if they want to but don't have to.

HOW DO YOU FEEL ABOUT PRESIDENT CARTER'S PLAN TO REINSTATE THE DRAFT?



JOE KNOCH

I feel that the draft should be reinstated. Women should also be included because that is a part of equal rights. If they don't want to be drafted then the ERA should be abolished because it wouldn't be fair to all the men in this country. If and when the draft is reinstated I'll join, but otherwise I won't.



MARY DENOTO

I know there are a lot of different feelings about reinstating the draft. I think the feeling of "being made to" enlist is turning a lot of people against the idea. However, I feel it is a step in the right direction. The US has always been one of the superior nations, and I think we might have to work to stay there. It wouldn't be a bad idea to be ready for the time to have to prove it.

Senior Spotlight

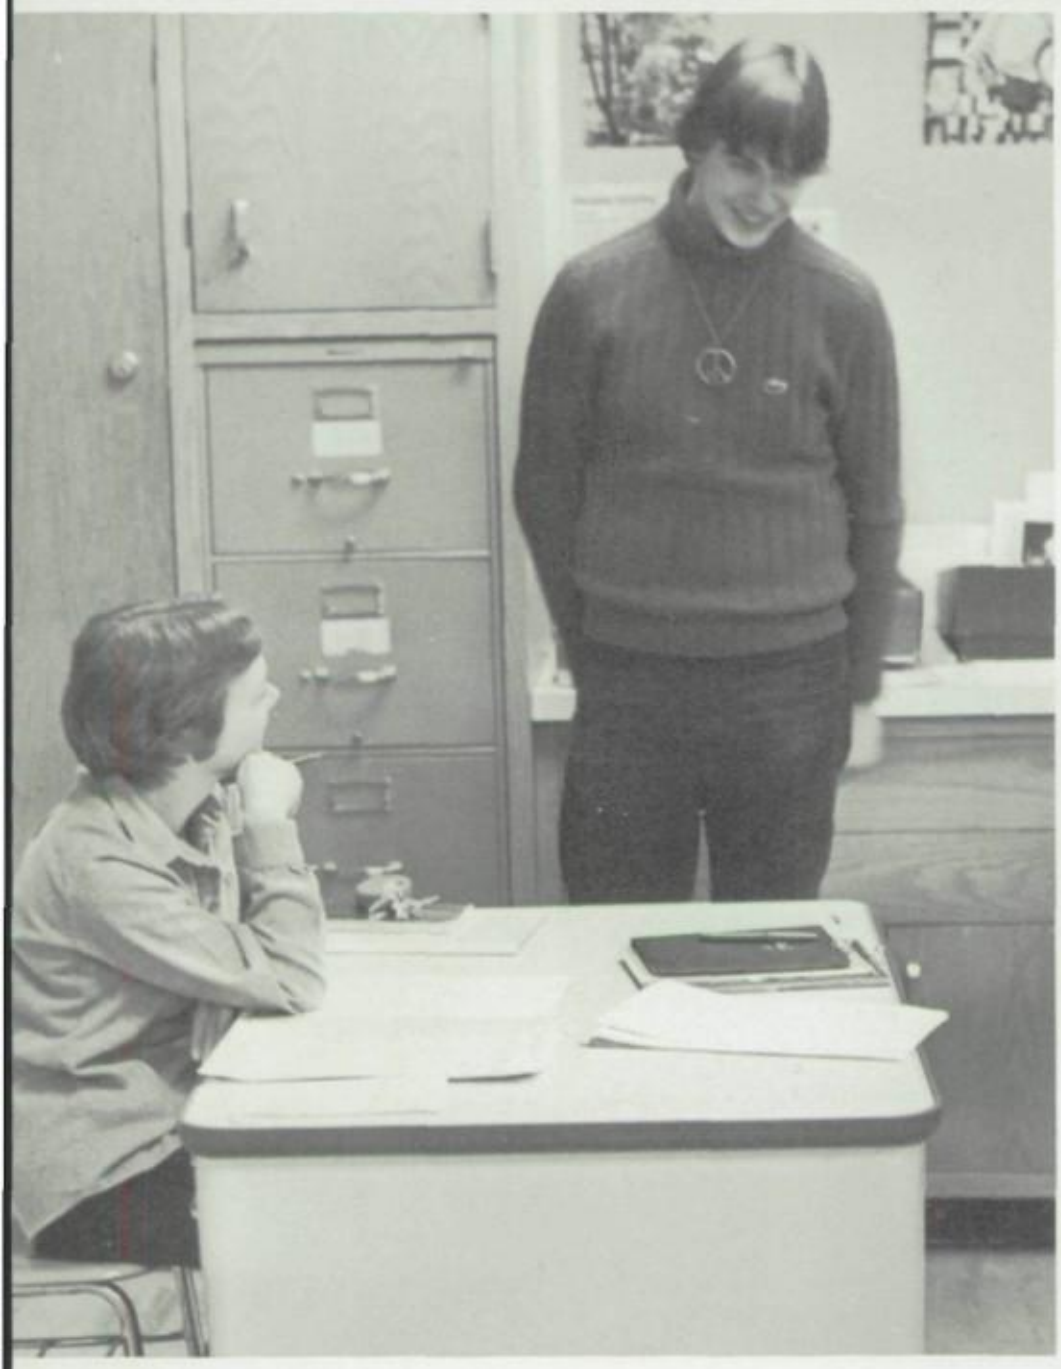
CAROL BRANDL

It all started with our dependence on foreign oil. We need their oil so bad that they can take advantage of us and we're helpless. I feel this is a good example of how America has weakened.

KYLE EDWARDS

I think the Iranian situation has gone on too long without decisive US action. I think we should have done something immediately following the takeover of our embassy in Iran. As power-plays seem to follow power-plays, now Russia is in Afghanistan. Well, there goes the neighborhood.

WHAT ARE YOUR FEELINGS ABOUT THE IRANIAN SITUATION?



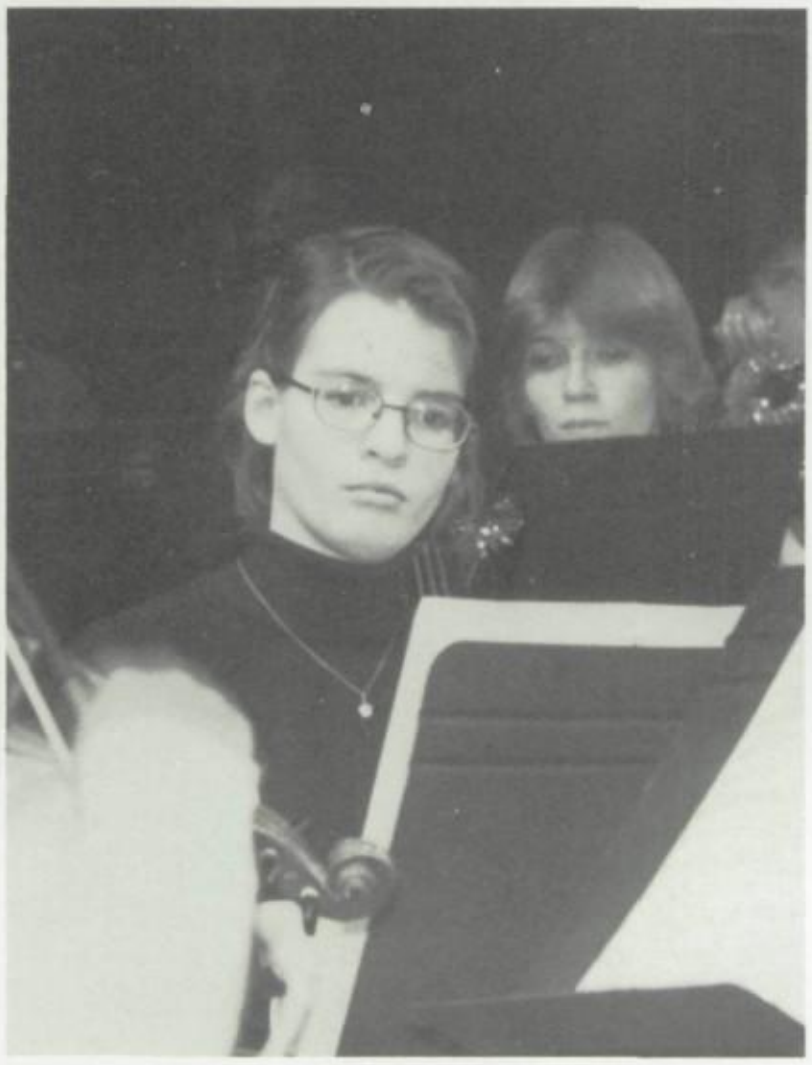
ERIC SIMONSEN

The Iranians are acting like irrational people. I don't think we should bomb them, but we should do something that will be effective. I get really mad at what they do and say. It really makes America look good to me. I'm glad I live here.

JIM BAAS

I think that the situation proves that the US is not invulnerable to abuse by even small foreign countries and that the US should reconsider its foreign policy. The situation has done some good, however, in giving us a greater sense of national unity and patriotism.

Senior Spotlight



KIRSTEN REEVES

Ten years from now I hope to have a degree in some aspect of the biological sciences and I hope to be working in the field of my choice.

ROBYN ALLEN

In ten years from now I will have achieved my masters in Biochemistry and will be living in Vancouver, Canada, working at the Cancer Research Center. Besides my work, I will raise horses and show them in the hunter/jumper divison.

WHAT DO YOU THINK YOU WILL BE DOING TEN YEARS FROM NOW?

LIZ HUNT

Probably ten years from now I will be working in my own company or partnership. I rather doubt if I'll be married. I don't plan on getting married until I graduate from college and establish a career.

DIANE RANK

Ten years from now I will be happily married, have some kids and be a housewife. We will own our own house, and have all the payments paid off except for the house.

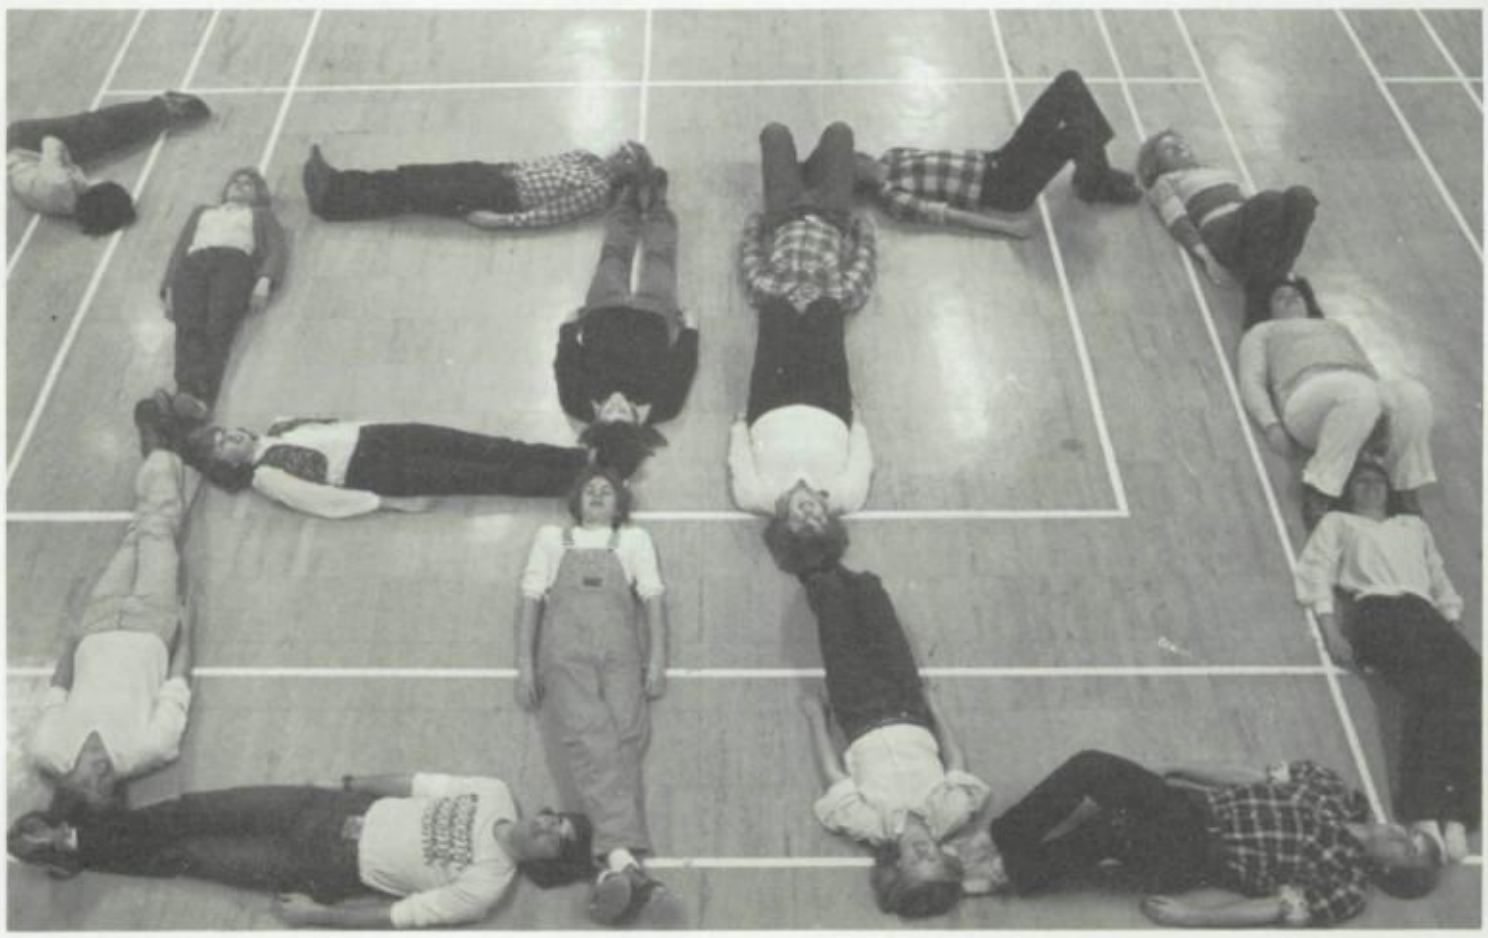
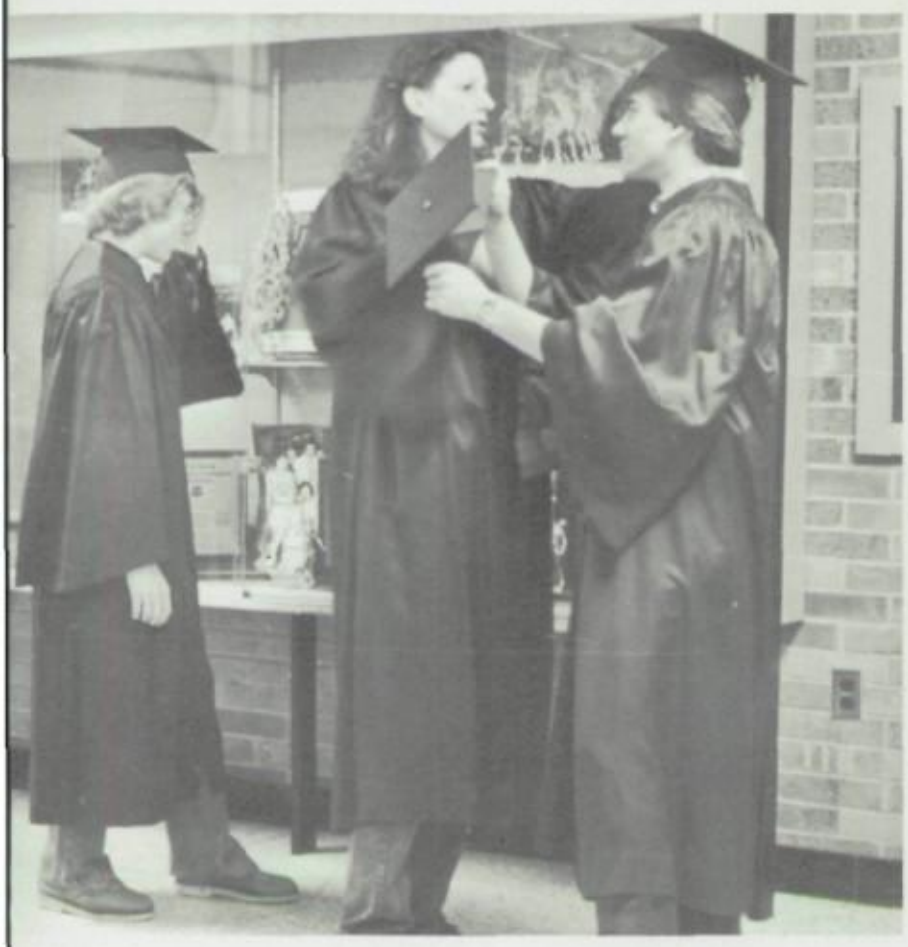
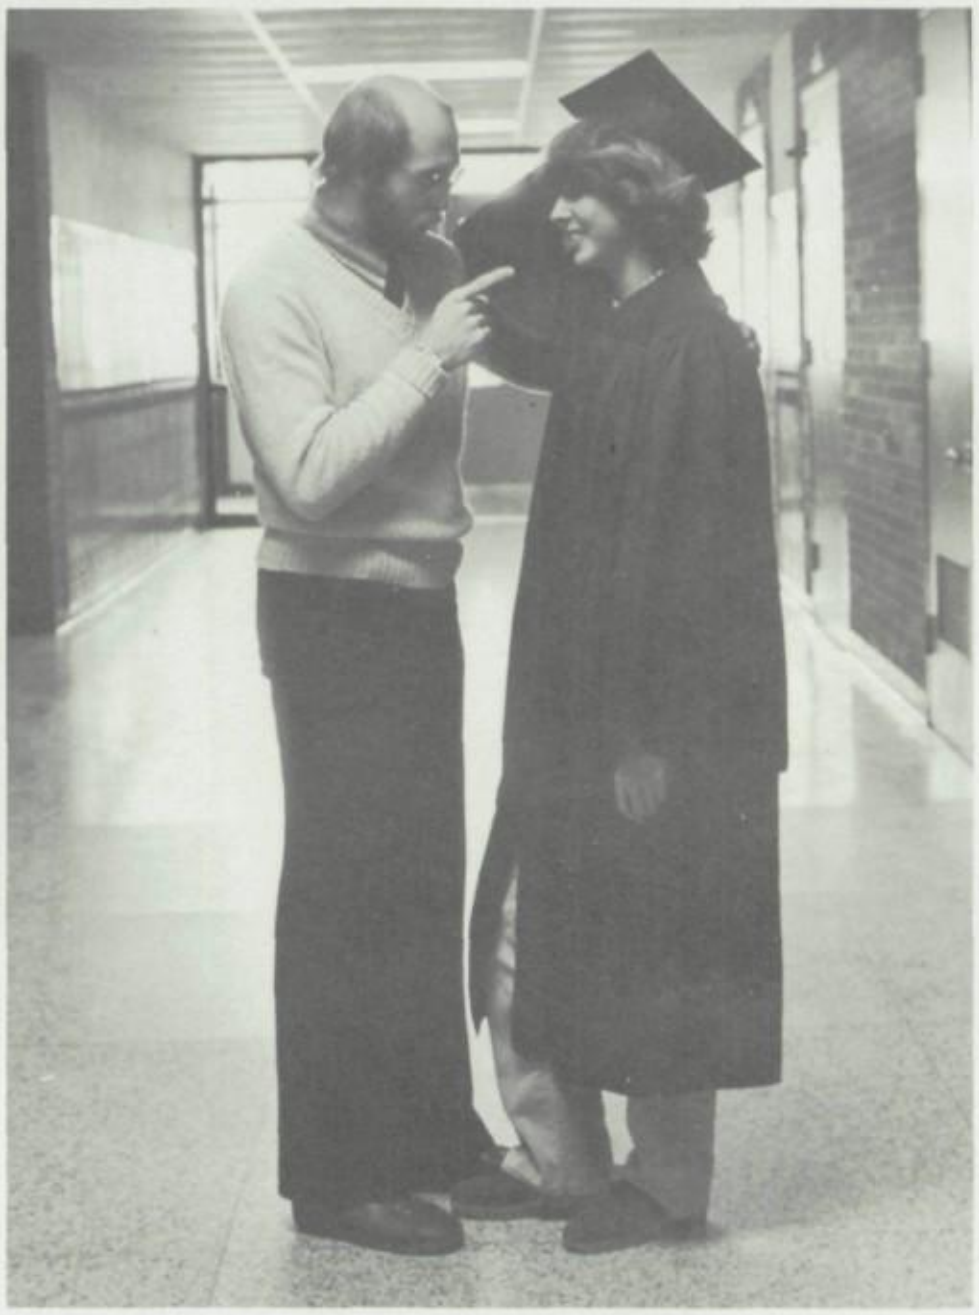
Those Often Forgotten

These people are some of the many who are in the background, working daily to make sure the machinery of the school keeps running smoothly.

Not Really the End . . .







Life at Case High is really just the beginning of many new experiences and opportunities. Even the end of the school year is a kind of beginning. It is the beginning of summer vacation and looking for jobs, enrolling in college, and planning for the future. It's a sad time when we say goodby to old friends and good times; but it's also a happy time of looking forward to new friends and a whole lifetime of unlimited possibilities.

"The best part about Army pay
is what it doesn't have to pay for."

I didn't join the Army to get rich, and I wouldn't expect you to either. But I stayed in for all these years after I realized how rich I really am. Food, rent, medical bills, transportation, and the high cost of everything from movies to toothpaste keeps the average person strapped to a job for life.

I get all that for free or at a reduced price. Most of my pay goes into my pocket. And I get more time to enjoy my money than most civilians do, too. You have to work for a company for 10 or 20 years before you can take 30 days of vacation. The Army gives you that for starters. Then add in benefits like low-cost education, travel, and retirement.

I guess if I'm never going to be wealthy, I'll just have to stay here and enjoy making the best of it. Care to join me?

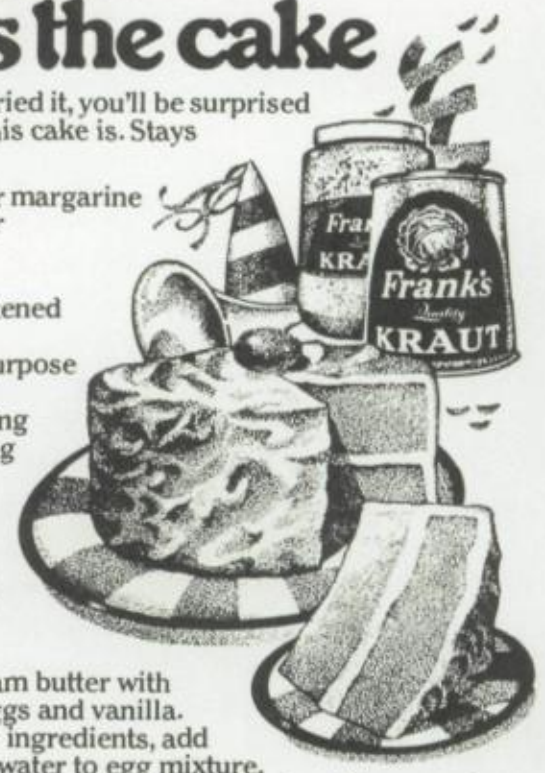
This one takes the cake

If you've never tried it, you'll be surprised how delicious this cake is. Stays super moist.



- 2/3 cup butter or margarine
- 1-1/2 cups sugar
- 3 eggs
- 1 tsp. vanilla
- 1/2 cup unsweetened cocoa
- 2-1/2 cups all-purpose sifted flour
- 1 tsp. each: baking powder, baking soda
- 1/4 tsp. salt
- 1 cup water
- 2/3 cup Frank's Quality Kraut, rinsed and drained

Thoroughly cream butter with sugar. Beat in eggs and vanilla. Sift together dry ingredients, add alternately with water to egg mixture. Stir in Frank's Quality Kraut. Turn into two (2) greased 8" round or square baking pans. Bake at 350° for 30 minutes or until done. Frost with your favorite chocolate frosting and enjoy!

You can tell it's Frank's by our spring green label.

Glad you didn't drop out?

A diploma looks nice in a scrapbook, but don't expect to impress a lot of people with it. One thing you can bank on . . . it's not a passport to an easy life. It is proof, however, that you have perseverance which, when added to your other fine qualities and capabilities, will pay off for you throughout your lifetime.

It is our wish that graduation will not be the end, but the beginning of your quest for knowledge . . . the real key to a happy fruitful life.

Mike
you were
lots of fun in
Geometry. I really
enjoyed getting to
know you this year. You've
got a great personality, don't
let it change ok. We never
finished our smiling contest-sem
smiles! Geometry wouldn't really been.
a big bummer without you in there.
I hope we'll always be very good friends.
maybe we'll be in a class or two together
next year. I hope so. I'll miss ya. Take a
great summer and enjoy yourself ok. Good
luck with the girls. Keep in touch. Give me a call
sometime. Or well take it easy. Keep that great smile
of yours it'll take you a long way. Always!
"886-5448" friends always.

"Mike,
I don't usually keep promises unless I have a movie deal. My yearbooks make me sign yearbooks. I become a movie people make me sign. I become a movie people make me would. I'll make a money then & I know you will. I'll make it been then & I know you will. I'll make it been then to promise that when I've been then to promise that you won't seriously. I'll see you next year. Star you won't seriously. I'll see you next year. signature. Have a great summer and I'll see you next year.

Joel Rabin

Mike,
Everything was really great. Looking forward to another great year. Enjoy your summer.

Yours truly,

Hi Mike (ie),

This is your locker to locker walker saying this has been a pretty great year. If it wasn't for your silly brother and his goofy friend, I probably wouldn't know you too well. Guess they're useful for something. Just think next year we'll be able to drive, and then we can really live it up! I hope we can keep in touch a little this summer. This year has gone by so fast - I just can't believe it! Well, I just want to say you've been a great friend and I wish you the best. God Bless ya

Love,
Sue (Ellen)
